Introduction

Thank you for purchasing the Cutting Plotter CG-60/100/130AR.

Read this operating manual ("this document" hereinafter) thoroughly and make sure you understand its contents to ensure safe and correct use of the product.

Please note that the illustrations contained in this manual are intended to show functions, procedures, or operations and may sometimes differ slightly from the actual machine.

Adobe, the Adobe logo, Acrobat, Illustrator, Photoshop, and PostScript are the trademarks or registered trademarks of Adobe Incorporated in the United States and other countries.

Disclaimers

- Mimaki Engineering accepts no liability for damages arising directly or indirectly from the use of the CG-AR ("this machine" hereinafter), whether or not the product is faulty.
- Mimaki Engineering rejects all liability for damages, direct or indirect, attributable to materials created while using this machine.
- Using this machine in conjunction with devices other than those recommended by Mimaki Engineering
 may result in fire or accidents. Such incidents are not covered by the product warranty. Mimaki
 Engineering rejects all liability for damages, direct or indirect, arising from such incidents.

TV and radio interference

• This product emits high-frequency electromagnetic radiation while operating. Under certain circumstances, this may result in TV or radio interference. We make no guarantee that this machine will not affect special radio or TV equipment.

If radio or TV interference occurs, check the radio or TV reception after turning off this machine. If the interference disappears when the power is turned off, this machine is likely to be the cause of the interference.

Try any of the following solutions or combinations of these solutions:

- Change the orientation of the TV or radio antenna to find a position where interference does not occur.
- Move the TV or radio away from this machine.
- Plug the TV or radio into a power outlet on a power circuit other than the power circuit to which this
 machine is connected.

FCC (Federal Communications Commission) regulations

This product has been tested and certified to comply with restrictions applying to Class A digital devices under Part 15 of the FCC regulations. These restrictions are designed to provide suitable protection from harmful interference when the printer is used in commercial environments.

This product may generate, use, or emit radio frequency energy and may cause harmful interference with radio communications if not installed or used in accordance with the operating manual.

Use of this product in residential areas may cause harmful interference. If so, the user is responsible for rectifying such interference.

Use only the cables recommended by Mimaki Engineering when connecting to this product. Use
of other cables may cause the product to exceed the restrictions stipulated by FCC regulations.
To maintain compliance with FCC regulations, use the cables recommended by Mimaki
Engineering.

To ensure safe use

Symbols

In this manual, the symbols indicate and explain precautions. Make sure you fully understand the meaning of each symbol and use the machine safely and correctly.

Explanation				
∆WARNING	Warning	Indicates a potential hazard that may result in death or serious injury if handled improperly or if instructions are disregarded.		
△ CAUTION	Caution	Indicates a potential hazard that may result in minor or moderate injury if handled improperly or if instructions are disregarded.		
NOTICE	Notice	Indicates a potential hazard that may result in property damage if handled improperly or if instructions are disregarded.		
	Warning sign	Indicates something that requires attention. Warning specifics are drawn inside the symbol.		
0	Mandatory action sign	Indicates an action that must be carried out. The specifics of the mandatory action are drawn inside the symbol.		
\Diamond	Prohibition sign	Indicates a prohibited action. The specifics of the prohibited action are drawn inside the symbol.		
(Important!)	Important	Indicates important information related to use of this machine.		
	Tip	Indicates useful reference information.		
	Reference information	Indicates the corresponding page for related information.		

Usage Precautions

In the event of abnormal conditions

MARNING

In the event of abnormal conditions such as smoke or unusual odor, turn off the main power
immediately and unplug the power cable. Continuing to use the product under these conditions
may result in failure, electric shock, or fire. Once you have confirmed that smoke is no longer
being emitted, contact your local dealer or our service office. Never attempt to repair the product
yourself. Doing so is hazardous.

Power supply precautions

WARNING

- Use the power cable provided. Otherwise there is a risk of failure, electric shock, or fire. Do not use the power cable with other electronic devices.
- Always grasp the plug when unplugging the power cable. Pulling on the power cable itself may damage the cable and result in failure, electric shock, or fire.
- Do not use the power plug with dust on it. Otherwise there is a risk of failure, electric shock, or fire.
- Avoid touching the blade of the power plug with a metal object. Otherwise there is a risk of failure, electric shock, or fire.
- Do not attempt to modify the cable. Avoid damaging the cable. Avoid placing heavy objects on the power cable or pulling on or exposing the cable to heat. Doing so may damage the cable, resulting in electric shock or fire.
- Do not use extension cords or multi-outlet extension cords. Otherwise there is a risk of failure, electric shock, or fire.
- Do not use if the power cable appears to be damaged or the core wire has an exposed or broken core. Otherwise there is a risk of failure, electric shock, or fire.

• Do not handle the power plug with wet hands. There is a risk of electric shock.

- Plug the power cable plug into a grounded power outlet. Otherwise there is a risk of failure, electric shock, or fire.
- When installing electrical outlets, perform grounding work to prevent electric shock. All electrical work (Class C grounding work; formerly Type 3 grounding work) must be handled by a licensed electrician.

NOTICE

- · Use this machine with a power supply that meets specifications.
- Be sure to plug the power cable into a power outlet close to the machine. Insert the power plug blade securely.
- When connecting the power cable, check the input voltage of the power outlet and the capacity
 of the breaker. Also, connect each cable to a separate power source with an independent
 breaker. Connecting to power outlets linked with the same breaker may trip the breaker.

Caution regarding moving parts

<u>ACAUTION</u>

- Do not touch the rotating grit rollers. There is a risk of injury due to abrasion of the skin or fingernails of hands.
- Keep parts of the body such as the face and hands away from moving parts. Also keep clothing (e.g., loose clothing and accessories) that may impede work away from the machine. Failure to do so may result in injury.

Long hair should be tied back. Failure to do so may result in injury.

Do not disassemble or repair

MARNING

Do not attempt to disassemble or repair this machine. Otherwise there is a risk of failure, electric shock, or fire.

Handling the cutter

ACAUTION

- · Avoid touching the cutter blade. Failure to do so may result in injury.
- · Do not shake or swing the cutter holder. Doing so may cause the blade to come off.

Note about sheets

NOTICE

 Curled sheets must be uncurled before use. Cutting (and printing) may be affected by excessive curling.

Other usage precautions

MARNING

· Keep children away from this machine.

NOTICE

Printing may show through from the underside depending on the sheet type and sheet storage method after printing (such as the load due to placing flat sheets that have been rolled up). Perform a test beforehand to check that print does not show through from the underside.

Disposing of the product

♠ CAUTION

- · Please contact your local retailer or service agent.
- When disposing of the product yourself, contact an industrial waste disposal operator or dispose
 of the product in accordance with local laws and regulations.

Installation Precautions

MARNING

 Do not install this machine in environments where flammable substances are present (e.g., gasoline, flammable spray, alcohol, thinner, lacquer, or powder). This machine is not explosionproof. The product poses a risk of explosion.

Do not place vases, pot plants, cups, cosmetics, containers of chemicals or water, or small
metal objects on top of this machine. There is a risk of failure, electric shock, or fire if liquids or
items drop inside the machine.

 Do not install this machine in humid locations or locations where it may be exposed to splashing water. Otherwise there is a risk of failure, electric shock, or fire.

Avoid installing this machine in locations accessible to children.

NOTICE

- Do not install this machine in locations where dust or powder is present. Failure may result if dust gets inside this machine.
- Do not install this machine in locations exposed to drafts (e.g., from air conditioning). Disregarding this precaution may result in dust or powder getting inside this machine.
- Do not install this machine in unstable locations or locations subject to vibration. Disregarding this precaution may result in failure.
- · Do not install this machine in locations exposed to direct sunlight.
- Do not install this machine in locations subject to sudden temperature changes. Disregarding this precaution may result in failure.
- Do not install this machine in locations exposed to excessive noise from large machinery.

• Operating environment: 5 °C to 35 °C (41 °F to 95 °F), 35 %RH to 75 %RH (no condensation)

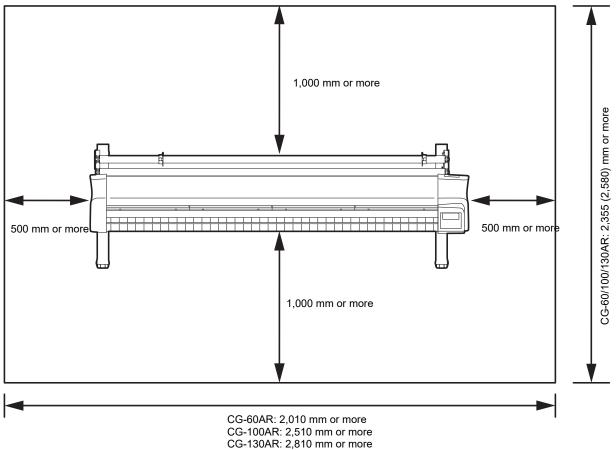

Installation Space

Make sure sufficient installation space is available before assembling this machine. Consider the size of the machine and the space required for printing work before installing the machine.

Item	CG-60AR	CG-100AR	CG-130AR
Width	1,010 mm	1,510 mm	1,810 mm
Depth	355 mm (580 mm)*1	580 mm	580 mm
Height	355 mm (1,160 mm)*1	1,160 mm	1,160 mm
Weight 17 kg (27 kg)*1		35 kg	43 kg

^{*1.} The CG-60AR is not equipped with legs as standard. The dimensions in parentheses apply when the optional legs are fitted.

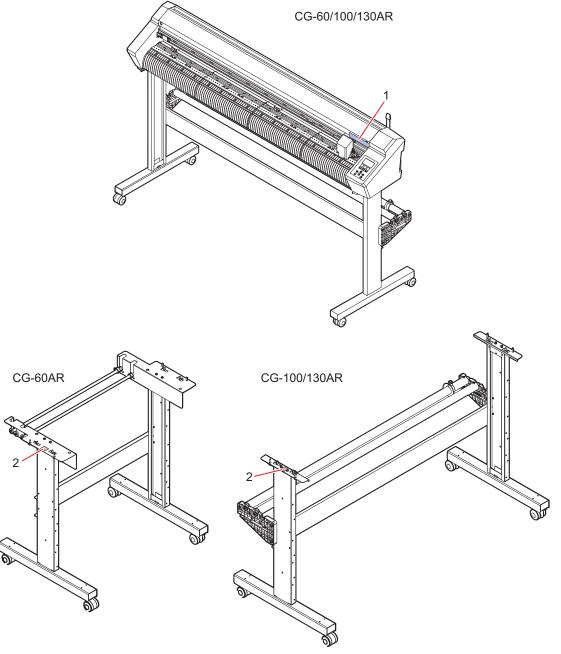

The CG-100/130AR are equipped with legs as standard.

Warning Label

Make sure you fully understand the details indicated on the various warning labels.

If any of the warning labels becomes dirty and illegible or peel off, contact your local dealer or our service office to request new warning labels.

No.	Order code	Label	Details
1	M904451	A TENTION A ATTENTION	PL label • Be careful not to touch the cutter or grit rollers while this machine is operating. Failure to do so may result in injury.
2	M917473	<u></u>	Caution label This machine must be assembled by at least two persons.
